## Easily send email newsletters!

MailMachine lets you easily design and send email newsletters. It's simple to use, packed with features and can be completely integrated into your web site.

It's so fast, within minutes of signing up, you'll be able to add your contacts and start sending beautiful emails. What's more, it's completely free to sign up for our basic plan!

### **Easily build your subscriber base!**

Email marketing starts and ends with great lists of interested subscribers. You can use our list-building tools to create lists, manage elements of opt-in processes and adhere to legal requirements. You can import existing contacts or let people sign up via your site!

### **Effective, highly targeted campaigns!**

Ready-made templates and our incredible email building tool make it easy for you to create campaigns with boundless creative potential. Sophisticated tools such as email auto-responders and A/B split tests will ensure you get the most out of your subscribers!

### **Report, Analyze & Improve!**

When you're running email campaigns - or any other marketing activity - ROI is critical. Built-in tools like our dashboard and campaign reports help you stay on top of performance and monitor results.
